Preamble

In light of the rebirth of Sweet Briar College in the summer of 2015, and in recognition of a long tradition of academic excellence as demonstrated by the extraordinary achievements of our distinguished alumnae, the Sweet Briar College Faculty affirms the following as recommended fundamental principles and key practices that serve to safeguard the academic quality of the College's liberal arts education, and will strive to implement them henceforth or as rising enrollment permits:

I. Provide a superior liberal arts and sciences education for women, through qualified teacher-scholars who cultivate breadth and depth of knowledge, excellent communication, and critical analysis, while maintaining a commitment to professional achievement and curricular improvements.

- A. Craft a curriculum that exposes students to different disciplines and ways of looking at the world in the service of providing a foundation on which to build a thoughtful, meaningful, and successful life. Advising and curricular planning should support a liberal arts education that balances breadth (general education requirements), depth (the major) and exploration (electives, research, study abroad, or other exploratory modes of learning).
- B. Teach subjects and methodologies in which faculty have expertise based on their degree, training and research, or professional achievements.
- C. Promote collaborative long-term decision-making and high academic standards. Avoid short-term enrollment-driven decision-making.
- D. Conduct national searches for all tenure-track positions, including positions that are converted to tenure-track lines. Use search methods that draw highly skilled applicants.
- E. Ensure that all courses for credit (including internships and service learning courses) include an appropriate amount and type of academic work or creative production.
- F. Clearly articulate the different components of a Sweet Briar education through careful advising and assessment.

II. Develop women of character

- A. Identify, articulate, promote, and assess curricular and mentorship experiences that equip Sweet Briar alumnae to become women of character in today's global environment.
- B. Support athletics' and student life's cultivation of students' physical and mental well-being, leadership, social skills, and character development.

III. Be fiscally responsible and promote long-term stability

- A. Encourage collaboration, find efficiencies, and share resources.
- B. In disciplines that mount majors, educational quality requires a minimum of two tenured or tenure-track faculty. The optimal number of faculty to mount a major should be determined in relation to the overall liberal arts curriculum. The faculty will strive to find ways of strengthening major programs within existing resources.

- C. Maintain high-quality instruction and coaching by making time for research, creative endeavors, and service. Practices that are cost-effective in the short-term but not in the long-term, such as teaching more than three courses in a semester, or coaching more than one sport, should be limited.
- D. Attract and retain committed and skilled faculty through tenure-track positions, adequate compensation, and regular sabbaticals.
- E. Commit to implementing policies for mentoring and evaluating all tenure-track, non-tenure track, and post-tenure faculty in the teacher-scholar model. Foster an environment in which tenured faculty, tenure-track faculty, and contingent faculty work together for the success of the college while supporting each other's professional development.
- F. Uphold the practice of tenure and principle of academic freedom, which safeguard the academic program and enhance administrative accountability.
- G. Advocate for stability in retirement benefits, including matching employer-employee contributions, sufficient to enable faculty members to retire.
- H. Encourage contingent faculty to shape policies and curriculum through committee work in an institutional structure in which critical opinions can be voiced without fear of retribution. Advocate for extended notice of termination of employment for contingent faculty.

IV. Commit to and engage in shared decision-making that safeguards the legacy and reputation of the college

- A. Faculty should strive to promote shared decision-making with groups such as staff, students, and contingent faculty by providing consultation, organizational help, and open communication.
- B. In decisions about hiring and promotion, be transparent, and adhere to established policy. Support and use tenure to safeguard the legacy and reputation of the College.
- C. When exceptions are made to established policy (such as are permitted by the terms "usually" and "normally"), justification should be asked for and given.

V. Contribute to renewal, growth, and transformative change by encouraging open dialogue and exploration, with continued focus on our core principles and the mission and vision of the College

Commit to practices and behaviors that support the faculty's fundamental principles. Model these behaviors through professional and personal development, strong relationships with college stakeholders, lively debate, and pursuit of the good.

FACULTY RULINGS

The *Bylaws of the Faculty of Sweet Briar College* provide the primary principles, policies, and procedures of the Faculty in the shared governance of Sweet Briar College. These *Faculty Rulings* supplement the *Bylaws* in order to provide appropriate details and to record the specific methods that the Faculty employs in upholding these principles.

Academic Policies

I. REGISTRATION, CHANGES OF PROGRAM

- A.
 - 1. Registration for the fall and spring terms takes place on the dates specified in the College calendar, or as designated by the Registrar.
 - 2. The registration of all students must be completed on the dates specified and places will not be held for students who do not register unless an acceptable excuse has been presented to the Dean before the official registration date.
- B.
 - 1. All courses, including directed studies, special studies, independent studies, and internships, must be added within the first five (5) class days of the fall and spring terms.
 - 2. For the fall term and spring term, courses may be dropped within the first ten (10) class days of the term. After this period, a student may withdraw from a course no later than four weeks before the last day of class. A grade of W will be recorded on her transcript. A student who withdraws from a course later than four weeks before the last day of classes in fall or spring term automatically incurs an F in the class. Exceptions may be made at the Dean's discretion or on the recommendation of the College Physician. Exceptions shall be reported to the Eligibility Committee of the Faculty.
 - 3. A change of program is not valid until the online add/drop process is completed or the request for withdrawal form is presented to the Office of the Registrar by the student within the time limits specified above.
 - 4. A student must use the Dean's Office Petition form (available in the Dean's Office) to apply for exceptions, including medical exceptions, to these rules. Exceptions shall be reported to the Eligibility Committee of the Faculty.
- C.
 - 1. Effective with the fall 2007 incoming class, a student with a cumulative credit ratio of at least 2.000 may, with the approval of her advisor and the instructor of record, choose to take a total of two courses on a Pass/Credit/No Credit basis. A student in her first term at Sweet Briar is not eligible for this option. Courses offered on a Pass/Credit/No Credit basis will not count toward this limit.
 - 2. A student must indicate the course that is to be taken on a Pass/Credit/No Credit basis no later than the last day for dropping courses in each term. This is done by filing the card for this purpose with the Office of the Registrar.
 - 3. The student taking a Pass/Credit/No Credit option shall be responsible for meeting all the academic obligations of the course, including tests, papers, and examinations, and shall be graded on the same basis as the other students in the course. If her final grade is C- or better, she may receive credit toward the degree, and the grade of P will appear on her record. If her final grade is D+, D, or D-, she may receive credit toward the degree

- and the grade of CR will appear on her record. If her final grade is less than D-, she shall not receive credit for the course and the designation NC will appear on her record.
4. Courses taken under this grading option will not be counted in the computation of her cumulative credit ratio.
 5. An instructor or department may exclude a course from Pass/Credit/No Credit grading. Such courses will be so indicated in the catalog.
- D. 1. A student must carry a minimum of 12 semester-hours to be considered a full-time student, nine semester-hours to be considered a 3/4 time student, and six semester-hours to be considered a half-time student. A student must obtain special permission from her faculty advisor and the Dean in order to carry less than 12 or more than 18 semester-hours of academic work in the Fall or Spring Term.
2. A maximum of 17 credits of transfer work will be accepted for students spending one semester abroad and a maximum of 35 credits for a year abroad.
 3. With the permission of the instructor a student may register for a course on a "potential credit" basis, provided she is registered for at least 12 additional hours of credit. The instructor will specify the requirements of the course and the student must meet these requirements as scheduled if she wishes credit. Not later than one week before the end of the classes in the term, the student must notify the instructor and the Registrar's Office if she does not wish credit for the course, in which case her course registration will be canceled.
 4. Permission to audit a course must be obtained from the instructor.

II. COURSES OF INSTRUCTION, COURSE VARIANTS, AND COURSE SCHEDULE

- A. 1. Changes in courses to be offered shall each year be presented by each department or program to the Committee on Instruction for its consideration and recommendation to the Faculty which must approve all changes in course offerings, with the exception of programs discontinued either directly or through staffing cuts by the administration. Normally, all course descriptions in the catalog, exclusive of the listing of credit, will be limited to a number of words determined by the Instruction Committee in consultation with the Registrar.
2. Courses to be cross-listed shall be presented by the department(s) or program(s) to the Committee on Instruction for its consideration and recommendation to the Faculty. Normally, to be cross-listed, courses must meet the following requirements:
 - a. The course must be identical in title, credit hours, description, prerequisites, and general education designations.
 - b. If a student must repeat the course, it must be with the same rubric.
 - c. If a student decides to change her major, a cross-listed course taken as one rubric cannot be changed to a rubric that matches her new major.
 - d. Once approved, changes to cross-listed courses must be agreed to by both departments.
 - e. If the cross-listed course would lead a student to exceed the 51-credit limit in either discipline, it may not be counted toward the 120-credit-hour graduation requirement.
 3. No change from the catalog announcement of credits or number of hours of meeting may be made without the approval of the Committee on Instruction and the Faculty.
- B. Honors variants

1. Honors variant courses allow students to undertake different kinds of work in a tutorial setting. Through weekly meetings with professors outside regular class hours, students can relate more fully the material of the course to their own intellectual interests. Honors variants do not carry additional credit, but they do demand a deeper understanding of the course material.
 2. Honors Variants do not require the approval of the Honors Committee. Faculty should notify the Director of the Honors Program of their intent to attach a variant to a particular course before the registration period for the semester in which the variant would be offered. Faculty members who do not decide to attach a variant to a course until the beginning of the semester should notify the Director of the Honors Program and the Registrar immediately.
 3. A student who wishes to pursue an Honors Variant should register for the same course number with an "H" designation. Students who wish to pursue an Honors Variant, but did not register accordingly during the registration period, may do so during the drop/add period by dropping the "old" course and adding the new version with the "H" designation.
- C.
1. The Schedule of Courses is prepared by the Office of the Registrar after consultation with the various departments.
 2. Permission to schedule a class at any time outside the regular class schedule, must be secured from the Dean. Permission of the Dean must be secured for required field trips and other projects off-campus which will take place during regular class hours at times other than those scheduled for the course.
 3. An instructor may request a change in the hour of a class, the place of meeting, or the sectioning, which will be made by the Registrar with the approval of the Dean if the general schedule allows it.

III. CREDIT RATIO AND REQUIREMENTS FOR GRADUATION

- A.
1. The credit ratio is the ratio of the total number of quality points to the total number of graded semester hours attempted.
 2. The credit ratio is computed as follows: for each semester hour of A, 4 quality points; B, 3; C, 2; D, 1; F, 0. For every semester hour of plus add 0.3, and for every semester hour of minus, subtract 0.3, with the following exceptions: F is not subject to either plus or minus variation, and A is subject only to minus variation.
 3. In computing the credit ratio, courses taken at another institution are not counted, except for (a) those courses taken, while a student is at Sweet Briar, in Tri-College Consortium colleges (Randolph College and Lynchburg College); and (b) those courses taken during the academic year only in the Seven-College Exchange program or as part of the Washington Semester at American University. Grades earned in the second institution involved in a 3-2 dual degree program or in the Sweet Briar Junior Year in France and Junior Year in Spain Programs will be recorded in the student's file but not on the Sweet Briar transcript, and will not be computed in the grade point ratio. (see also IV.A.1.; VIII.A.3.)
- B.
1. In order to be eligible for a Sweet Briar degree, a student must present at least 120 hours of credit, and she must have a cumulative credit ratio of not less than 2.000 in the courses taken at Sweet Briar and at any of the institutions specified in III.A.3.; and she must satisfy the other requirements for the degree as specified in the catalog.

- a. No more than five semester-hours of physical education or riding activity courses may be counted toward the degree.
 - b. No student may count more than 51 hours in a single discipline toward the Sweet Briar degree. English 104 [and English 100] do not count toward this 51-hour maximum.
 - c. No more than 12 semester-hours of internship/practicum credit may be counted toward the degree.
 - d. No more than 18 semester-hours of summer school work may be counted toward the degree. Exception: Students who have earned an Associate degree and transfer to Sweet Briar under an articulation agreement, may have all Associate degree summer courses transferred according to the College's transfer credit policy. Transfer students for whom 18 or more summer credits are accepted, will not be allowed to transfer additional credits for summer courses taken after they enroll at SBC.
 - e. Programs are required to designate one "oral skills" and one "writing skills" course appropriate to the discipline and required of all majors. These courses will carry at least three hours of credit. A program may offer one three-credit course that meets both the oral and writing skills designation.
2. a. A minimum of two years of residence is required for the degree. Residence during the final year of the academic program is required except for those students participating in 3-2 degree programs approved by the Faculty. At least 60 semester-hours must have been earned at Sweet Briar.
 - b. A petition to accelerate progress toward the degree must be made to the Dean. Normally, a request will not be approved unless the student's cumulative credit ratio is at least 2.70 at the end of the fourth term at Sweet Briar.
3. If a student fulfills the requirements for a Bachelor of Science degree and has a double major with one of the majors a non-science major, the transcript will be designated as follows: under "Degree Granted", the transcript will show "Bachelor of Science"; under "Major", both majors will be designated.
4. a. If a student intends to complete a certificate program, she should declare this intent at the same time she declares her major. Students are limited to one certificate program.
 - b. If a student intends to minor in a Department, she should declare this intent at the same time she declares her major.
 - c. A minor requires a minimum of 18 hours in a Department. At least six of these shall be on an advanced level, as defined by the Department. A credit ratio of not less than 2.000 in the minor is required for successful completion of the minor.
 - d. Students may double count courses toward majors and minors. Departmental double counting restrictions are allowed and must be specified in the department sections of the *Catalog*.
5. A credit ratio of not less than 2.000 in the major is required for graduation. Included in the calculation of this ratio are all courses taken in the major department which can count towards the major, and all other courses which are applied to major requirements, as stated in the *Catalog*.
 6. A student who after 8 terms (counting fall and spring terms) fails to meet the general credit ratio or the credit ratio in the major required for graduation may be permitted to return to college for one Fall or Spring Term the next year. She must carry not less than

nine hours of work for credit and must have a credit ratio of 2.000 for her entire college course and a credit ratio in her major of 2.000 in order to obtain the degree.

7. A student who withdraws prior to completing the degree and wishes to return at a later date has a total of four years from the date of her withdrawal in which to complete the degree under the requirements existing at the time of her withdrawal. After four years, the requirements in effect at the date of her return will be in force.
8. Under normal circumstances a student who has failed to complete the requirements for graduation after four years of full time study or its equivalent by the end of the senior year will be expected to complete her requirements within two years of the previously anticipated date of graduation.
9. Exceptional cases may be referred by the Dean to the Eligibility Committee of the Faculty.

IV. ACADEMIC PROGRESS AND ELIGIBILITY

A. Students must demonstrate progress toward the degree by completing a minimum number of semester-hours and maintaining a minimum credit ratio. Only courses taken for credit will be used in calculating the minimum hours earned: withdrawals, incompletes, and non-credit courses will not be included.

1. For full-time students, satisfactory academic progress is demonstrated by advancing to the next class each year.
 - a. For senior standing in the fall term of her fourth year, a student must have passed at least 87 semester-hours of work, must have a cumulative credit ratio of not less than 1.900, and must have met the degree requirements in foreign language and physical education.
 - b. For junior standing in the fall term of her third year, a student must have passed at least 54 semester-hours and have a cumulative credit ratio of not less than 1.800.
 - c. For sophomore standing in the fall term of her second year, a student must have passed at least 21 semester-hours and have a cumulative credit ratio of not less than 1.700.
2. For part-time students, satisfactory progress is demonstrated by compliance with the following schedule:

At end of year	Minimum semester-hours	Minimum GPA
1	16	1.7
2	34	
3	54	1.8
4	75	
5	97	1.9
6	120	2.0

3. Transfer credits used to fulfill academic progress requirements must conform to College policy as detailed in section IX.A.

- B. The academic progress of students shall be monitored twice a year by the Eligibility Committee.
1. The status of a student who, at the beginning of the academic year, has failed to demonstrate satisfactory progress toward the degree shall be reviewed by the Eligibility Committee, who shall place her on warning, probation, declare her ineligible to continue at the college.
 2. Any student who fails to achieve a cumulative credit ratio of 2.000 at the end of any term will be reported by the Dean to the Eligibility Committee, which may place the student on the warning or probation list, or on academic suspension, or declare her ineligible to continue her college course. Normally, a student with a GPA below 1.8000 shall be placed on probation.
 3. The status of a student who has been on the warning or probation list for three consecutive terms shall be reviewed by the Eligibility Committee, who may suspend the student or declare her ineligible to continue.
 4. Any first-year student whose cumulative credit ratio is below 1.000 may be dismissed from the College for a semester. Subsequent readmission would be contingent on evidence of satisfactory academic work completed at another accredited institution.
- C. Students not making satisfactory progress toward the degree or who experience extreme academic difficulty in a given term may be placed on probation or warning even if their GPA is greater than 2.0.
- D. The Dean may recommend exceptions to these policies to the Eligibility Committee. Examples of circumstances that may qualify a student for exemption include documented instances of physical or mental illness, extraordinary problems of a personal or family nature, and legally mandated modifications for students with documented learning disabilities (see Appendix). The Committee must justify any decision to depart from the stated policy on academic progress for a student because of exceptional circumstances. Students who believe they have mitigating circumstances should contact the Dean's Office.

V. TRI-COLLEGE CONSORTIUM

- A. 1. By agreement among three area colleges, a student at Sweet Briar College may take a course at Lynchburg College or Randolph College, provided the course is not currently available at Sweet Briar College. With the approval of the appropriate department at Sweet Briar and the Dean, the course may be counted toward the Sweet Briar degree and the grade will be counted in the computation of the cumulative credit ratio. These stipulations apply to summer term work as well, although summer term tuition must be paid on the campus where the course work is taken.
2. A student involved in the Tri-College Consortium Exchange may not take over 50 percent of his or her courses off the home campus in any one term. Exceptions may be made by the Deans of the institutions concerned.
 3. Application for permission to participate in the Tri-College Consortium Exchange should be made to the Dean. No tuition will be charged in addition to that already paid to Sweet Briar College (Exception: summer term tuition, A.1. above), but the student must pay any extra fees or charges and must make her own arrangements for transportation.

VI. DUAL DEGREE PROGRAMS

- A. The purpose of these programs is to satisfy the needs of the student who wishes to combine the advantages of a liberal arts curriculum with more specialized training offered by a large institution. The general plan of study comprises three years at Sweet Briar, followed by two years at a cooperating university, and leads to the award of the two degrees: The Bachelor of Arts from Sweet Briar, and the Bachelor of Science from the university.
- B. The Sweet Briar degree will be awarded at the end of the fourth year, provided that the student's work that year has been satisfactory. If Sweet Briar's commencement occurs before the fourth-year grades are available, the student will be allowed to participate in graduation exercises, but her degree will be withheld until the final grades are received from the cooperating institution.
- C. In addition to the specific prerequisites of the cooperating university, the student must satisfy the following Sweet Briar requirements by the end of her third year:
 - 1. Completion of three-quarters of the total hours required for graduation.
 - 2. Completion of the general education requirements.
 - 3. Completion of a major field of study, except when courses at the university can be applied toward the major.
- D. In order to be eligible for the Sweet Briar degree, a student following a 3-2 program shall have spent at least two years in residence, one of which must be her junior year.

VII. TESTS, EXAMINATIONS, CULMINATING EXPERIENCE, GRADES

- A. 1. All tests and examinations are given under the honor system. The student's signature to any written work is regarded as a pledge of honest work.
- B. 1. Examinations for each course are held at the end of each fall and spring term and are scheduled in accordance with a plan approved by the Faculty.
 - 2. Scheduling a final examination outside the official examination period must be approved by the Dean.
 - 3. No take-home final examination may be due prior to the last examination period.
 - 4. Course examination periods are three hours' duration. An instructor who wishes to give an examination of longer duration must request prior approval of the Dean.
 - 5. All course work must be completed by the last day of classes in each term.
- C. 1. If a student is ill, it is her responsibility to make arrangements with her instructor(s) to complete course work, quizzes, or examinations. Verification of hospital or Health Center confinement may be obtained from the Health Center at the request of the faculty member(s) concerned.
 - 2. If a student is in the Health Center at the time scheduled for an examination or test, she may, with the permission of the instructor, take it in the Health Center. By arrangement with the Health Center at a time and in a place to be determined by the faculty member.
 - 3. Examinations and tests taken in the Health Center are conducted under the honor system.
 - 4. If a student is absent from a term examination or test for reasons other than health, she will receive an F on the exam or test unless she presents for such absence an explanation satisfactory to the instructor and the Dean.

- D. Departments are required to designate a "culminating" senior exercise most appropriate to the discipline and required of all senior majors. This will normally carry three hours of credit and should take place during the senior year. Students double majoring are required to have two distinct culminating senior experiences. Majors in departments which offer only one senior exercise must complete a second senior exercise specifically directed toward the content of the second major.
- E. 1. Term and final grades are to be assigned with the following meaning: A indicates excellent work; B, good; C, satisfactory; D, poor but passing; F, failure. The plus symbol may be used with grades of B, C, and D; the minus may be used with A, B, C, and D.
2. Procedure
When a student disputes a final grade and is prepared to present evidence to support this grievance, she must:
- Initiate the procedure by voicing her complaint to the instructor before the end of the next semester.
 - If the complaint is not resolved at the first level, the student may then take the matter to the chair of the department for mediation. If the instructor is the chair of the department, proceed to the next level.
 - If the matter is still not resolved, she may then refer the matter to the Dean of the Faculty for further mediation.
- Grade changes are limited to the semester subsequent to that in which the work was done.
3. Final term grades shall be reported to the Registrar who will inform the student. These grades must not be given to any student or her parents by an instructor.
4. Term and final grades shall be reported to the Registrar promptly and in no case later than the date set by the Registrar. A special date will be set each year for the reporting of the grades of seniors before Commencement.
- F. 1. If the grade at the end of any term is F, the instructor shall complete a report thereof on a form available in the Dean's Office.
2. If a student fails a required course, she must repeat the course either at Sweet Briar or at another institution, subject to the approval of the Dean and the head of the department concerned. If a student fails a required course twice, she may be declared ineligible to remain in the college.
3. If a student earns a grade below C- in a course, she may repeat the course. Course repeats are subject to the following conditions:
- The repeated course must be the same course or its equivalent as determined by the department and it must be taken at Sweet Briar. Topical seminars repeated under this policy must have the same course content. When course content differs, the topical seminar may be repeated and is not subject to the conditions of the repeat policy.
 - Grades for all course attempts will appear on the student's transcript and will be included in GPA calculations, but credit will be applied only once toward fulfilling degree requirements.
 - A student cannot repeat a course that is a prerequisite for a course already completed.
 - Grades earned in all course attempts will be included in calculation for all honors.
 - Departments may designate courses as non-repeatable. This exclusion must be included in the course description in the Catalog.

- f. Students must designate at the time of registration her intent to repeat a course under the conditions of this policy. Forms for this purpose are available from the Office of the Registrar.
- 4. I or (Incomplete) indicates that a substantial piece of required work has not been completed but under circumstances which merit an extension of time.
 - If the student feels she has a valid reason for requesting an incomplete, she should obtain a Permission for Incomplete form from the Dean's Office, complete it, sign it, and have it approved by the faculty member and the Dean. Hence, the Incomplete becomes a three-way agreement. This process must be completed by the last day of exams.
 - The grade of I (Incomplete) may be removed only by the completion of the incomplete work within four weeks after the last class day of the term in which the grade of Incomplete was given. Under exceptional circumstances an extension of time may be granted by the instructor in consultation with the Dean. If the I (Incomplete) is not removed within the specified time, a grade of F for the course shall be recorded.

VIII. INDEPENDENT STUDY, SPECIAL STUDY, DIRECTED STUDY, INTERNSHIPS, AND SELF-DESIGNED MAJORS

- A. 1. An INDEPENDENT STUDY is defined as pursuit of an upper level research project determined in advance by the student in consultation with and with the approval of a faculty member who will act as the sponsor of the undertaking. The student's work, which may take place off campus, need not be subject to continuous review by the faculty sponsor. Prerequisites for the course shall be the appropriate 100-level course(s) and a 200-level course, or permission of the faculty sponsor. An independent study shall have a 400-level designation, as provided by the Registrar. Independent study projects shall receive from one to three hours of credit, as determined in advance, at the discretion of the faculty sponsor.
- 2. A student doing an independent study project must obtain on her proposal form the signatures of the faculty member sponsoring her project, of the Chair of the Department or Director of the Program, of the Academic Advisor, and of the Dean. The deadline for completing this procedure shall be the add deadline of the fall and spring terms. For summer independent study, the deadline is one week before the end of spring term classes.
- 3. A credit ratio of C (2.000) in the proposed field of study shall be required for admission to independent study work.
- 4. Exceptions to these rulings may be made for good cause by the Dean in individual cases.
- B. 1. A SPECIAL STUDY is defined as the study of an intermediate level topic by an individual student or by a small group of students under the immediate supervision of a faculty member. Prerequisites for the course shall be the basic course of the department in which study is undertaken and an appropriate 100 level course, or permission of the faculty sponsor. A special study shall have a 300-level designation, as provided by the Registrar. Special study work shall receive from one to three hours of credit determined in advance, at the discretion of the faculty sponsor.
- 2. A student doing a special study project must obtain on her proposal form the signatures of the faculty member sponsoring the study, of the Chair of the Department or Director

- of the Program, or the Academic Advisor, and of the Dean. The deadline for completing this procedure shall be the add deadline of the fall and spring terms.
3. Exceptions to these rulings may be made for good cause by the Dean in individual cases.
- C. 1. A DIRECTED STUDY is defined as the study of introductory level material by an individual student or by a small group of students under the immediate supervision of a faculty member. The prerequisite for the course shall be the basic course of the department in which study is undertaken. A directed study shall have a 200-level designation as provided by the Registrar. Directed study work shall receive from one to three hours of credit, as determined in advance, at the discretion of the faculty sponsor.
2. A student doing directed study must obtain on her proposal form the signatures of the faculty member sponsoring the study, of the Chair of the Department or the Director of the Program, or the Academic Advisor, and of the Dean. The deadline for completing this procedure shall be the add deadline of the fall and spring terms.
 3. Exceptions to these rulings may be made for good cause by the Dean in individual cases.
- D. 1. An INTERNSHIP is defined as work experience related to a student's academic program. An on-site supervisor and a Sweet Briar College faculty sponsor are needed for direction of the internship.
- a. An internship shall consist of a minimum of 40 hours of work per earned credit hour, either at the work place or in related field work, and shall usually receive one to three semester-hours of credit. With the recommendation of the faculty sponsor and the approval of the Dean, internships of longer duration which are more academically substantive may be awarded more credit, up to a maximum of six semester-hours for any one internship. No more than 12 semester-hours of internship credit may be counted toward the degree.
 - b. Internships shall be graded on a Pass/Credit/No Credit basis.
2. To be eligible for an internship, a student must meet the following criteria:
- a. She must be a (rising) sophomore, junior, or senior.
 - b. She must have a cumulative GPA of 2.0 or better.

- b. The deadlines for completing this procedure are as follows:
For fall or spring term internships: the 8th day of classes.
For summer internships: 1 week before the end of spring term classes.
 - c. A standard letter outlining the College's internship policies and containing the faculty sponsor's name and telephone number shall be sent to the on-site supervisor from the Dean's Office before the internship begins.

4. To receive credit for the internship, a student must submit the following:

At least 9 of the 27 hours must be at the 300 level or above. The culminating experience may be one of these courses.

An accepted program of study may be amended after its acceptance by petition to the Dean, who will consult the subcommittee.

IX. ADVANCED STANDING, SUMMER WORK

- A. 1. Application for credit at Sweet Briar for work pursued elsewhere must be made to the Registrar. In no case will more than 60 semester hours be allowed toward the degree for work taken elsewhere. 4. Sweet Briar College accepts transfer credit for all dual enrollment courses that meet the College's basic transfer criteria. The Registrar, in consultation with each department, will determine whether or not these courses may count as the equivalent of courses offered by that department. If there is no departmental equivalent, courses may be granted generic, 100-level credit in the department. Only dual enrollment courses transferred as Sweet Briar College course equivalents may be used to satisfy general education requirements. In accordance with Sweet Briar's policy for other transfer credits, an official college, university, or community college transcript must be sent to the Registrar, and credits will not be awarded for courses receiving a grade below C-.
- B. No more than 18 semester-hours of summer school work will be allowed toward the degree. In order to insure that credit will be transferred, it is strongly recommended that students obtain written permission of the departments concerned and the Registrar BEFORE enrolling for summer school courses. If prior permission is not obtained, students must request approval of the courses no later than the end of the fall term following summer school, or credit will not be given. Transfer credit will depend on written approval of summer work by the departments concerned and the Registrar.

 - f) One member of the Committee is designated to serve as a liaison to the students, and shall meet with the President of the Student Government Association and Chair of Academic Affairs at least once a month.
- 2) Subcommittees of the Faculty Executive Committee
- The Executive Committee shall also act through two subcommittees, chaired by an Executive Committee member other than the Chair of the Executive Committee.
- a) Subcommittee for Budget
- Two members of the Executive Committee and the Chair of the Executive Committee serve as the Faculty Budget Representatives. If the Executive Committee chooses to appoint a Special Faculty Budget Representative (see F.2.b.2).c)), then two members of the Executive Committee, the Chair of the Executive Committee and the Special Faculty Budget Representative serve as the Faculty Budget Representatives. They have primary responsibility for analyzing information concerning the budget and presenting this information to the Executive Committee and to the Faculty. Written reports will be done in collaboration with the Vice President for Finance and Treasurer. On occasion the Executive Committee may choose to offer a supplement to this report. The Budget representatives meet periodically with the Vice President for Finance and Treasurer during the fall and winter to keep up-to-date on factors affecting the budget. In October they meet with the Faculty to discuss the budget and hear faculty concerns. The budget representatives will keep the Executive Committee informed of budgetary matters, and give feedback from the Executive Committee and the Faculty to the Administration on budgetary issues. One member of this subcommittee or the Special Faculty Budget Representative is appointed by the Faculty Executive Committee to will also serve on the Finance Committee of the Board of Directors.

b) Subcommittee for Human Resources

The other members of the Executive Committee and the Chair of the Faculty Executive Committee constitute a Subcommittee for Human Resources, which handles grievances, health care, and other faculty personnel issues.

- i) This subcommittee is responsible for providing advice to members of the Faculty as requested, and for hearing grievances in accord with approved grievance procedures.
- ii) This subcommittee shall serve as faculty representatives to the Health Care Committee of the College.
- iii) One member of the subcommittee is designated to serve as a liaison to untenured faculty, and meets with them at least once a term or at the written request of any three untenured faculty members.
- iv) Usually, two members of this subcommittee serve on the Subcommittee on Elections and Appointments, which oversees elections to faculty committees (elections to be conducted with the secretarial support of one of the academic assistants), and consults with the President and Dean concerning appointed committees. The Faculty Executive Committee shall be apprised whenever any ad hoc committee with faculty representation is created by the Administration.

c) Special Faculty Representatives

Recognizing that the makeup of the Executive Committee constantly changes, and that particular areas of expertise may be needed for the Executive Committee to effectively represent the interests of the faculty, the Executive Committee may, at its discretion, appoint a faculty member to a role of special faculty representative to one of the subcommittees as defined below.

- i) Special Faculty Budget Representative. When no member of the Executive Committee appears to have particular expertise in the areas of finance and investment, the Executive Committee may choose a member of the faculty to act as an advisor to the Subcommittee for Budget. This faculty member attends meetings with the Administration and Board of Directors with the Subcommittee for Budget, and may be asked to report to the Executive Committee and at Faculty meetings, but is not a member of the Executive Committee.
- ii) Special Faculty Health Care Representative. Recognizing that health care is a complex field, and that continuity of representation is valuable in this area, the Executive Committee may choose a member of the faculty to act as an advisor to the Subcommittee for Human Resources on the issue of health care. This faculty member attends meetings of the College's Health Care Committee, and may be asked to report to the Executive Committee and at Faculty meetings, but is not a member of the Executive Committee.

3) Grievance Procedures of the Faculty Executive Committee

The Faculty Executive Committee, acting through its Subcommittee for Human Resources, hopes to ensure uniform and equitable application of the personnel rules and policies of the College. Faculty members who believe that their rights have been violated or that they have received unfair treatment by an individual or group in the

College may file a grievance. The following procedures do not apply to tenure, promotion, dismissal or sexual harassment; for information on those topics see above or the *Benefits and Policies Manual*.

Normally, it is expected that any faculty member who believes that he or she has a grievance will initially seek to resolve the problem collegially without presenting the matter to the Committee. Department Chairs or other faculty can sometimes help solve problems expeditiously. If the matter is not satisfactorily resolved through these means, the following steps can be taken.

Members of the Subcommittee for Human Resources who have conflicts of interest with a case under discussion should withdraw. If a disputant believes that a member of the subcommittee who has not withdrawn should, he or she should submit a written statement to the Executive Committee indicating the grounds that might warrant withdrawal. The other members of the Subcommittee for Human Resources will determine whether the member under challenge will withdraw. If fewer than three regular subcommittee members are available to hear a case, Executive Committee alternates will be added as needed to form a Grievance Subcommittee.

a) Informal Grievance Procedures

- i) The faculty member should present a written statement of his or her grievance to the Chair of the Subcommittee for Human Resources, normally within 30 days after the decision or act which creates the grievance.
- ii) If the Subcommittee for Human Resources determines that a grievance warrants action by the Faculty Executive Committee, it will try to solve the problem by mediation whenever possible. If any party in the controversy refuses mediation initially or concludes that continuing mediation will not prove fruitful, formal procedures are to be set in motion as quickly as possible. If the parties involved agree to mediation, the Subcommittee for Human Resources will have 30 days to try to reach an agreement acceptable to all parties. After 30 days, the grievance will be handled through formal procedures unless all parties agree to a specific time extension for further mediation.
- iii) The Chair of the Subcommittee for Human Resources will keep a record indicating the nature and resolution of all informal grievances and will provide a copy of the record to the Vice President for Finance and Treasurer.

b) Formal Grievance Procedures

- i) After a decision is made to pursue a formal grievance, both the grievant and the respondent have 10 days to submit further written statements and evidence to the Committee. When necessary, the Subcommittee for Human Resources may question parties involved or call witnesses. Normally, the Subcommittee will try to provide a recommendation for resolution to the College President within 30 days of the time the formal grievance was initiated. At the time the recommendation is made to the President, all parties in the dispute also receive a written statement of the Subcommittee's decision.

- ii) The Chair of the Subcommittee for Human Resources keeps a record indicating the nature and resolution of all formal grievances and will provide a copy of the record to the Vice President for Finance and Treasurer.

Adjustments to the time periods presented above may be required in certain cases, especially in light of College breaks and vacations.

2. INSTRUCTION COMMITTEE

Course proposals that do not fit clearly into a department's or program's curriculum may be submitted to the Instruction Committee:
 - a) Faculty members proposing a curricular change should have the approval of their departments. If approval is denied, the faculty members may still submit

the proposed change to the Instruction Committee, but the proposal must include statements from their department outlining the reasons why departmental approval was denied.

- b) Each proposal should include the following information:
 - i) A thorough justification, including an explanation of how the proposed change will enhance the curriculum.

The Instruction Committee will invite the home department(s) and/or program(s) to submit a written statement responding to the discontinuation. The Instruction Committee will both acknowledge the discontinuation and include the full department/program response(s) in its minutes. It will report the discontinuation to the Faculty, and will present as a motion that the full department/program response(s) be included in the Faculty Meeting minutes.
 - d) If an emergency course needs to be approved before the first faculty meeting of the semester to meet the add deadline, the Instruction Committee may approve this course on a one-time-only basis and inform the faculty of the committee's decision.

To this end, the Committee will do the following:

- a) Establish and publish the criteria for courses that fulfill degree requirements.
- b) Evaluate annually the assessment plan for the general education program and its results, and make appropriate proposals for the use of results to improve both the program and its assessment. The final report will be submitted to the Faculty by the Instruction Committee along with any proposals that require a vote of the Faculty.
- c) Plan and assess periodic surveys of the Faculty and students regarding the general education program. All proposed surveys will be reviewed by the Director of Institutional Research before being distributed. Two new members will be elected each spring for a three-year term to take effect July 1.
 - b. The Committee elects its own chair at the end of the academic year to take effect July 1.
4. ELIGIBILITY COMMITTEE
- The Committee consists of two full-time tenured faculty members, elected to serve for a term of two years, one to be elected each year; the Dean or his/her designate, and the Associate Dean as voting members and other knowledgeable people serving *ex officio* as non-voting members. Its role is to deal with student petitions and eligibility.
5. ACADEMIC INITIATIVES COMMITTEE (AIC)
- a. Purpose of this Committee

The primary responsibility of the Academic Initiatives Committee is to encourage ideas for strengthening existing academic programs, and take the lead in conceiving, soliciting, vetting, and developing innovative curricular ideas. The committee will encourage and facilitate collaborative efforts among faculty and departments. The AIC will work cooperatively on proposals with the Instruction Committee, individual departments, faculty members, and Dean of the Faculty. The AIC will work cooperatively with the administration to clarify the long-term budget, staffing and facilities implications that must be considered in determining whether new programs will be supported.
 - b. Membership
 - 1) Five members, elected in such a way to ensure breadth of campus representation, for 3-year terms.
 - 2) Four members must be full-time teaching faculty with at least 3 years of teaching at Sweet Briar College and continuing contracts. These will be elected from different academic groups. One faculty member is elected to the committee each year; every third year an additional member is elected.
 - 3) To ensure breadth of campus representation, faculty will be considered to be members of one of four academic groups: Arts, STEM, humanities, and social

sciences plus riding. Should divisions be created across campus, those divisions will be used. Each year, the candidates for election to the AIC will be drawn from those academic groups without a continuing committee member. Members are not elected as representatives of their academic group; the composition of the ballot is to guarantee breadth of membership from across the campus.

- 4) The first year the committee is established, and every third year thereafter, the fifth faculty member, who must be tenured or tenure-track, is elected at large to serve both on the AIC and as the AIC's representative on the Board Committee on Academic Policy. The triennial election of the member who serves on both the AIC and the Board Committee on Academic Policy will be from a campus-wide ballot, and will not factor into the rotation of candidates from the four academic groups.

c. Review of the AIC

The Academic Initiatives will be reviewed in early fall 2019. The FEC will review and bring to the faculty a recommendation regarding the continuation of this committee.

APPENDIX

SWEET BRIAR COLLEGE ACADEMIC POLICY ON DISABILITIES

Sweet Briar College complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act and accepts students with documented disabilities who can successfully pursue the college's academic program. Sweet Briar recognizes its responsibility to provide individuals with disabilities with equivalent access while maintaining the standards that are essential to the academic program.

ADMISSIONS

Admission to Sweet Briar College is based on the requirements outlined in the College catalogue. Sweet Briar does not discriminate on the basis of disability in the admissions process. If an applicant believes that an accommodated admission review is warranted, the applicant must initiate the process (by law, the Admissions Office can not address a disability unless the applicant is self identified). The applicant must submit a written request for an accommodated admissions review to the Office of Admissions and enclose with that request the appropriate documentation. The request will be evaluated by the designated staff member in the Office of the Dean, who will forward his/her recommendations to the Director of Admissions for inclusion in the admissions review process.

ACCOMMODATIONS IN SPECIFIC COURSES AND SUPPORT SERVICES FOR ENROLLED STUDENTS WITH DISABILITIES

Students with documented disabilities, identified either before or after their admission to the college, may request accommodations in the structure of a course or courses. The responsibility for initiating such requests rests with the student. Students with disabilities who seek course-based accommodations must meet with the designated staff member in the Office of the Dean to request accommodations. The student must submit appropriate documentation of the disability to the designated staff member in the Office of the Dean, who will review the documentation and will then discuss with the student which accommodations and support services are appropriate.

The Office of the Dean, with the student's written permission, will notify the faculty member(s) involved of the specific classroom and/or course-based accommodations that have been authorized. The student will also be referred to the Director of the Academic Resource Center to arrange need-based support services outside the classroom. All specific course-based accommodations should be established at the beginning of each academic term. It is the responsibility of the student to contact the professor to arrange for the necessary accommodations. Accommodations planned at the beginning of the term may be adjusted on an as-needed basis.

The types of legal accommodations available to students in specific courses and outside the classroom can include, but are not limited to, the following possible accommodations:

1. In Class

Tape recording of lectures, use of a notetaker, seating location, use of an interpreter, extended time for assignments, use of a word processor for written work, taped texts, adaptive equipment, and physical access.

2. For Examinations

Use of a reader, extended time, private room, use of a word processor, alternative formats, or adaptive equipment.

3. Outside of the Classroom

Taped texts, note transcription, tutoring, learning strategies instruction, reduced course load, and use of adaptive equipment.

MODIFICATIONS

Students with documented disabilities may request modifications in academic requirements as are necessary to ensure that such requirements do not discriminate against students with disabilities, or have the effect of excluding students solely on the basis of disability. Modifications may include changes in the length of time permitted for completion of degree requirements, reduced course loads, substitution of specific courses for degree requirements, waivers of specific requirements, or utilization of the pass/no credit grade, with a passing grade consisting of a D- or higher, in courses where a disability has a discriminating effect.

Students requesting modifications must submit a written request to the Office of the Dean complete with appropriate documentation of the disability. The College's guidelines for reviewing all requests for modifications are:

1. The modification must be directly related to the student's disability.
2. In cases involving courses required for the degree, the student must pass an authorized substitute course or requirement. The Dean, in consultation with the appropriate Department Chair, must approve all such modifications, and the Eligibility Committee of the Faculty must approve waivers of degree requirements.
3. In cases where students have been approved to take courses on the modified pass/no credit basis the Dean will notify the Registrar in writing of this modification.
4. Grades earned in courses identified as affected by a specific disability and attempted before the disability was diagnosed and/or confirmed by the Dean may be converted to the modified pass/no credit grade, and the grade-point average may be adjusted at the request of the student and with the approval of the Dean of the Faculty. The Dean will consult with the faculty member who recorded the original grade to verify that clear evidence exists to support the student's claim that the disability, rather than other factors, directly interfered with the student's ability to perform on an equal basis with other students in the course. This policy will not apply to students diagnosed with disabilities after they have completed the degree.

OTHER GUIDELINES

1. In order for Sweet Briar College to consider requests for accommodations and/or modifications, the student must provide documented evidence of the disability or disabilities based on an evaluation done by an appropriate professional within four years of the date the request is submitted. In cases of learning disabilities or other "hidden disabilities" the required evaluation must also include specific test results.
2. The Office of the Dean will submit an annual report to the Instruction Committee, including the number of students diagnosed with learning disabilities, and summarizing the nature and scope of accommodations, modifications, and support services provided to students under this policy.

PROCEDURE FOR ASSISTING LEARNING DISABLED STUDENTS

Qualified students with a documented disability, including a specific learning disability, are entitled to request and receive reasonable academic and other accommodation. Such accommodation may include using taped textbooks and readings. Modified sittings for tests or examinations, such as using a word processor or having extended time in which to complete the work, may be appropriate in some cases. Because each student's condition will be different, all possible accommodations that might be appropriate in different circumstances will not be enumerated.

A copy of the student's learning evaluation report will be in the student's file in the Dean's Office. Faculty will not be advised of a documented disability unless and until a student requests accommodation. The student will be asked to discuss directly with her instructors any ideas about appropriate accommodation. The faculty member or the student should contact the Dean for assistance in conducting an appropriate accommodation service. Students who have been diagnosed as having a learning disability are expected to take responsibility for requesting reasonable accommodation.

Any questions or complaints regarding these policies should be brought to the attention of the Federal Compliance Officer of the College, Tim Klocko Vice President for Finance and Treasurer.
